

“In the past, at events where one person was paying the bill, we would have to log in at the end and manually add up all the charges. This was arduous and time-consuming, but NCR Silver automates that entire process, which is huge for us.”—
Amy Bruno, Happy Belly co-owner

A DIFFERENT KIND OF BUSINESS

Today’s food trucks are sophisticated businesses. Many are full-fledged culinary trailblazers — high-end restaurants on wheels — serving creative fare to a rapidly growing fan base. NCR Silver was built for the unique demands that food trucks — and the road — present.

With benefits including the ability to take transactions outside of the food truck and ring up taxes by location, is there any wonder why food trucks remain one of the fastest-growing segments for NCR Silver?
